

**CORE series honored  
by Vision Systems Design 2016  
Innovators Awards Program**

INTERNATIONAL  
**PATENT**  
PENDING

Mantova, Italy, May 04, 2016 - **Opto Engineering • OPTICAL IMAGING TECHNOLOGIES**, announced today that its **CORE series** was recognized by the judges of the annual **Vision Systems Design Innovators Awards program**. The judging panel consisted of esteemed experts from system integrator and end-user companies.

## OPTO ENGINEERING WAS HONORED WITH A GOLD-LEVEL AWARD

**CORE series** are telecentric lenses and illuminators. They are up to 70% smaller in height than other solutions due to their design, which is patent pending

internationally. They deliver excellent optical performances in extremely reduced space, allowing to built compact measurement machines with lower ex-

penses for production, transportation and storage.

*“This prestigious program allows Vision Systems Design to celebrate and recognize the most innovative products and services in the vision and image processing industry. Our 2016 Honorees are an outstanding example of companies who are making an impact in the industry.”*

Alan Bergstein, Vision Systems Design Group Publisher

### The Innovators Awards are judged based on the following criteria:

- Originality
- Innovation
- Impact on Designers, Systems Integrators, End Users
- Fulfilling a need in the market that hasn't been addressed
- Leveraging a novel technology

The 2016 Visions Systems Design Innovators Awards Honorees are featured on the June Issue of Vision Systems Design magazine as well as on [vision-systems.com](http://vision-systems.com).

### About Vision Systems Design

Published since 1996, Vision Systems Design is a global resource for engineers, engineering managers and systems integrators that provides comprehensive global coverage of vision systems technologies, applications, and markets.

Vision Systems Design's magazine, website ([www.vision-systems.com](http://www.vision-systems.com)), email newsletters and webcasts report on and analyze the latest technology and business developments and trends in the worldwide machine vision and image processing industry.

### About The Vision Systems Design 2016 Innovators Awards program

The Vision Systems Design 2016 Innovators Awards program reviews and recognized the most innovative

products and services in the vision and image processing industry. Honorees were announced at The Vision Show 2016 held in Boston, MA, USA. Criteria used in the Innovators Awards ranking included: originality, innovation; impact on designers, systems integrators and end-users; fulfilling a need in the market that hasn't been addressed, leveraging a novel technology, and increasing productivity.
