

Discontinued product notification: TCCR4Mxxx-y models replaced by TCCR4MPxxx-y ones

Dear Valued Customer,

Due to the introduction of the new TCCR4MPxxx-y models, the production of TCCR4Mxxx-y ones will be discontinued. The new TCCR4MPxxx-y lenses feature larger aperture and better optical performance.

The production will be discontinued on March 31 2023 (unless mutually agreed in advance with a supply agreement): after this date the TCCR4Mxxx-y models will no longer be produced and it will no longer be possible to order them. We strongly advise you to [contact our sales engineers](#) ahead of such date to discuss about your specific needs.

While we regret any inconvenience this announcement may cause, we appreciate and value our business relationship and we look forward to help you solve your machine vision challenges with our leading optical solutions.
