

LT2BC192216-W-CO | DATASHEET

High uniformity continuous LED backlight, 192 x 216 mm illumination area, white, with collimation film in both directions

SPECIFICATIONS

Lighting specifications

Modules		4x6
Illumination area width	(mm)	192
Illumination area height	(mm)	216
Number of LEDs		1152
Light color, peak wavelength		white, > 4500 K
Spectral FWHM	(nm)	-
Illuminance ¹	(klux)	16
Irradiance ¹	(W/m ²)	-
Diffuser		yes
Collimation film		yes

Electrical specifications

Supply voltage	(V)	24
Current ²	(mA)	1820
Power consumption ²	(W)	43.7
Typical pulse voltage	(V)	36.0
Max pulse current ³	(mA)	4000
Peak power consumption	(W)	144.0
Max duty cycle	(%)	1
Max pulse duration	(ms)	1.5
Connector		M8
Included cable		CBLT003

KEY ADVANTAGES

Excellent uniformity

Test report with measured uniformity

Ultra high-power light output and strobe mode operation For inspection and measurement of fast moving objects and an extended LED lifetime

Suitable for frequent cleaning Thanks to the optical grade and scratch resistant protective cover

Wide selection and modular design Size options range from 48 x 36 to 288 x 216 mm available in red, white, green, blue and infrared

Compact design with reduced thickness (26 mm)

Special continuous alignment mode

Optional integrated collimation film

The LT2BC series offers high power LED backlights designed to provide exceptional illumination performances and excellent uniformity.

Mechanical specifications

Length	(mm)	204.0
Width	(mm)	236.0
Height	(mm)	26.0
Mass	(g)	1823
Clamping system	8×	M6 threaded holes

Environment

Operating temperature	(°C)	0-40
Storage temperature	(°C)	0-50
Operating relative humidity	(%)	20-85 non condensing
IP rating		IP40
Installation		Indoor use only

Eye safety

Risk group (CEI EN 62471:2010)	Exempt
--------------------------------	--------

¹ Minimum value, at max driving current, on emitting surface. Where n.a. is reported data is available upon request.

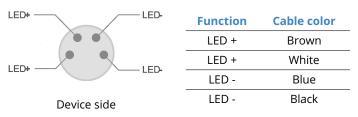

² Tolerance $\pm 10\%$

³ At 25°C. At max pulse width (1 ms), max pulse frequency = 15 Hz.

All product specifications and data are subject to change without notice to improve reliability, functionality, design or other. Photos and pictures are for illustration purposes only. Data are reported by design, actual lens performance may vary due to manufacturing tolerances.
