

# LT2BC240072-R-CO | DATASHEET

# High uniformity continuous LED backlight, 240 x 72 mm illumination area, red, with collimation film in both directions

#### **SPECIFICATIONS**

# **Lighting specifications**

| Modules                      |                     | 5x2         |
|------------------------------|---------------------|-------------|
| Illumination area width      | (mm)                | 240         |
| Illumination area height     | (mm)                | 72          |
| Number of LEDs               |                     | 480         |
| Light color, peak wavelength |                     | red, 620 nm |
| Spectral FWHM                | (nm)                | 20          |
| Illuminance <sup>1</sup>     | (klux)              | 12          |
| Irradiance <sup>1</sup>      | (W/m <sup>2</sup> ) | -           |
| Diffuser                     |                     | yes         |
| Collimation film             |                     | yes         |
|                              |                     |             |

#### **Flectrical specifications**

| (V)  | 24                        |
|------|---------------------------|
| (mA) | 870                       |
| (W)  | 20.9                      |
| (V)  | 35.8                      |
| (mA) | 1900                      |
| (W)  | 68.0                      |
| (%)  | 1                         |
| (ms) | 1.5                       |
|      | M8                        |
|      | CBI T003                  |
|      | (mA) (W) (V) (mA) (W) (%) |

#### **KEY ADVANTAGES**

#### **Excellent uniformity**

Test report with measured uniformity

# Ultra high-power light output and strobe mode operation

For inspection and measurement of fast moving objects and an extended

#### Suitable for frequent cleaning

Thanks to the optical grade and scratch resistant protective cover

#### Wide selection and modular design

Size options range from 48 x 36 to 288 x 216 mm available in red, white, green, blue and infrared

Compact design with reduced thickness (26 mm)

Special continuous alignment mode

**Optional integrated collimation film** 

The LT2BC series offers high power LED backlights designed to provide exceptional illumination performances and excellent uniformity.

### **Mechanical specifications**

| Length          | (mm) | 252.0               |
|-----------------|------|---------------------|
| Width           | (mm) | 92.0                |
| Height          | (mm) | 26.0                |
| Mass            | (g)  | 796                 |
| Clamping system | 8    | x M6 threaded holes |

#### **Environment**

|  | Operating temperature       | (°C) | 0-40                 |
|--|-----------------------------|------|----------------------|
|  | Storage temperature         | (°C) | 0-50                 |
|  | Operating relative humidity | (%)  | 20-85 non condensing |
|  | IP rating                   |      | IP40                 |
|  | Installation                |      | Indoor use only      |

| <sup>1</sup> Minimum value, at max driving current, on emitting surface. N  | Where |
