

# LTBRZ3-P-R-30 | DATASHEET

# LED bar light with integrated driving electronics, 300 mm length, strobed, red 630 nm, 30° lens

#### **SPECIFICATIONS**

#### **Lighting specifications**

| Illumination area width      | (mm)      | 295         |
|------------------------------|-----------|-------------|
| Illumination area height     | (mm)      | 25          |
| Emission angle               | (°)       | 30          |
| Number of LEDs               |           | 12          |
| Light color, peak wavelength |           | red, 630 nm |
| Spectral FWHM                | (nm)      | 20.0        |
| Illuminance <sup>1</sup>     | (klux)    | n.a.        |
| Irradiance <sup>1</sup>      | $(W/m^2)$ | -           |
| Diffuser                     |           | yes         |
| Polarization film            |           | no          |

## **Electrical specifications**

| The second secon |      |                   |
|--|------|-------------------|
| Supply voltage <sup>2</sup>  | (V)  | 24                |
| Peak power consumption   | (W)  | 100               |
| Operating mode   |      | Strobe            |
| Daisy chain  |      | no                |
| Max continuous current   | (A)  | -                 |
| Max pulse current  | (A)  | 4                 |
| Minimum Ton  | (µs) | 8                 |
| Maximum Ton  | (ms) | 10                |
| Max duty cycle   | (%)  | 10                |
| Maximum Frequency  | (Hz) | 1000              |
| Input connector  |      | M12, 5 pins, male |
| Output connector   |      | -                 |
| Cables <sup>3</sup>  |      | CBLT020           |

#### **KEY ADVANTAGES**

#### **Integrated constant current driving electronics**

# **Daisy-chain option**

Easily connect up to 6 lights together.

#### Wide selection

295x25 mm active area. Available in red, white, green blue and Infrared

#### 5-pin M12 connector

Compact lightweight design with reduced thickness (33 mm)

**The LTBRZ3 series** consists of high intensity LED bar lights with integrated constant current driving electronics that can be used in a wide variety of general purpose machine vision applications both as front lights or as backlights.

#### **Mechanical specifications**

| Width           | (mm) | 307         |
|-----------------|------|-------------|
| Height          | (mm) | 66          |
| Thickness       | (mm) | 33          |
| Mass            | (g)  | 400         |
| Clamping system |      | 4x ø5 holes |

#### **Environment**

| Operating temperature       | (°C) | 0-40                  |
|-----------------------------|------|-----------------------|
| Storage temperature         | (°C) | 0-50                  |
| Operating relative humidity | (%)  | 20-85, non condensing |
| IP rating                   |      | IP40                  |
| Installation                |      | Indoor use only       |

# **Eye safety**

Risk group (CEI EN 62471:2010) Exempt

- <sup>1</sup> Measured at 200 mm for models with lenses. Measured at emitting surface for backlight models.
- $^{\mathbf{2}}$  Tolerance  $\pm$  5 %
- <sup>3</sup> Not included. Must be ordered separately

#### **COMPATIBLE PRODUCTS**

#### Full list of compatible products available here.

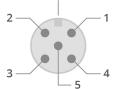

A wide selection of innovative machine vision components.

## **INPUT CONNECTOR PINOUT**

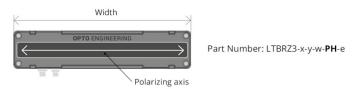

| Pin | Function                   | Cable color   |
|-----|----------------------------|---------------|
| 1   | +24Vdc                     | Brown         |
| 2   | NPN                        | White         |
| 3   | GND                        | Blue          |
| 4   | PNP                        | Black         |
| 5   | Analogue<br>dimming(0-10V) | Grey or green |

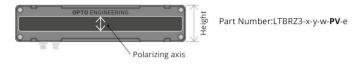

Device side

# **LED** color spectrum 8.0 Relative power 0.6 0.4 0.2 0 550 600 650 700 750 Wavelength [nm]

## **OPTIONAL POLARIZING SHEETS**

PV with vertical linear polarizer. Polarizing axis parallel to the active area height.

PH with horizontal linear polarizer. Polarizing axis parallel to the active area width.
