

# LTLNM-0800-N-FC-W | DATASHEET

# Modular LED line light, 800mm length, near field focusing, fan cooling, white

# SPECIFICATIONS

#### **Lighting specifications**

| Modules                      |        | 4             |
|------------------------------|--------|---------------|
| Illumination area length     | (mm)   | 800           |
| Illumination area height     | (mm)   | 20            |
| Focusing                     |        | near          |
| Optimal working distance     | (mm)   | 10-100        |
| Number of LEDs               |        | 192           |
| Light color, peak wavelength |        | white, 6200 K |
| Spectral FWHM                | (nm)   | -             |
| Illuminance <sup>1</sup>     | (klux) | n.a.          |
| Diffuser                     |        | no            |

#### **Electrical specifications**

| Supply voltage <sup>2</sup> | (V)         | 24               |  |  |
|-----------------------------|-------------|------------------|--|--|
| Current                     | (A)         | 12               |  |  |
| Power consumption           | (W)         | 288              |  |  |
| Estimated MTBF <sup>3</sup> | (hours)     | > 20000          |  |  |
| Power connector             |             | WEIPU SP2110/P2  |  |  |
| Power Cables                |             | CBLT008 included |  |  |
| I/O connector               | M12, 5 pins |                  |  |  |
| I/O cables                  |             | CBLT009 included |  |  |

- <sup>1</sup> Measured at minimum working distance
- <sup>2</sup> ±2%
- <sup>3</sup> Drop tp 50% intensity @ 25°C

#### **KEY ADVANTAGES**

Emitting surface up 2 meters in 200 mm increments.

Flicker free for line scan applications.

3 types of projection lenses

Near field focusing (N), far field focusing (F), collimated (C).

Homogeneous beam for uniform illumination.

**Built-in controller** 

**LTLNM series** are high power LED line illuminators designed for line scan applications. These lights are flicker-free and meet the needs of demanding applications with reduced exposure times (tens of  $\mu$ s) ensuring very constant illumination and repeatable acquisition. Their modular design provides size flexibility without any compromise in terms of light uniformity.

#### **Mechanical specifications**

| (mm) | 850.0              |
|------|--------------------|
| (mm) | 75.0               |
| (mm) | 128.0              |
| (g)  | 7800               |
| 4x   | M10 threaded holes |
|      | fan                |
|      | (mm)<br>(mm)       |

#### **Environment**

| Operating temperature       | (°C) | 0-40                  |
|-----------------------------|------|-----------------------|
| Storage temperature         | (°C) | 0-50                  |
| Operating relative humidity | (%)  | 20-85, non condensing |
| Installation                |      | Indoor use only       |

## **Eye safety**

## **COMPATIBLE PRODUCTS**

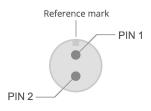

#### Full list of compatible products available here.

A wide selection of innovative machine vision components.

## **POWER CONNECTOR PINOUT**

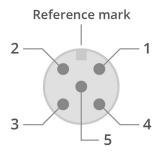

## Illuminator side. Front view

| Pin | Description                 | Cable Color |
|-----|-----------------------------|-------------|
| 1   | Positive power supply (24V) | Brown       |
| 2   | Negative power supply (GND) | Blue        |

# 

## I/O CONNECTOR PINOUT

Illuminator side. Front view

| Pin | Function        | Description                                 | Cable Color |
|-----|-----------------|---|-------------|
| 1   | Enable          | Connect to a +24Vdc<br>to turn the light ON | Brown       |
| 2   | Fault           | Internally pulled-up<br>to +24Vdc           | White       |
| 3   | Signal GND      | Internally connected<br>to power GND        | Blue        |
| 4   | 10V output      | 10V reference signal for dimming            | Black       |
| 5   | Dimming control | Voltage signal for dimming control          | Green       |

## **ADDITIONAL INFO**

All product specifications and data are subject to change without notice to improve reliability, functionality, design or other. Photos and pictures are for illustration purposes only. Data are reported by design, actual lens performance may vary due to manufacturing tolerances.
